Education

BCA, University of Calicut

07/2022 – 04/2025

Tirur, India

Hi, I'm Mohammed Rinshad, a dedicated BCA student from Tirur, Malappuram, currently studying at MES Keveeyam College, Valanchery (2022–2025). I have a solid foundation in HTML and CSS, and I'm currently learning full-stack development using the .NET framework.

I've built a personal portfolio website using HTML and CSS to showcase my growth and technical skills. I'm a fast learner with a passion for clean, user-friendly UI design. With strong communication and teamwork abilities, I'm actively seeking entry-level opportunities where I can apply what I'm learning, grow as a developer, and contribute to real-world web development projects.

Projects

4Rent

11/2024 – 03/2025

Developed a web platform to simplify and centralize rental services across categories like wedding wear, vehicles, tools, electronics, and more. Features include real-time availability, user profiles, location-based search, shop verification, reviews, and secure booking.

Outcome:

The platform improved rental accessibility, built user trust, and supported eco-friendly reuse. It offers scalability for regional expansion and promotes a sustainable, circular economy.
